THE SOLANAS SERIES IS EXPANDED WITH NEW DESIGNS

Designed by Daniel Germani for GANDIABLASCO

An impressive single-legged table in two formats, round and squared, and a chair with an iconic soul are the latest additions to the SOLANAS family, one of the most ground-breaking collections of the most recent seasons of GANDIABLASCO. A perfect tandem to form cosy shared atmospheres in the fresh air. This collection, designed by **Daniel Germani** and inspired by the outdoor scenes of his childhood summers with his family on the Solanas beach in Uruguay, is once again expanded with proposals for minimalist aesthetics and curvilinear forms.

The new SOLANAS table comes with two options that change both the geometry of the leg and its splendid tabletop: the square shape with rounded edges (140 x 140 cm) or the circular shape (140 cm in diameter). For extreme durability, its organic lines take shape in thermo-lacquered welded aluminium profiles – in 16 shades – and in special outdoor porcelain material Dekton® by Cosentino with a surface thickness of 12 mm and available in 11 colours.

GANDIABLASCO

The new **SOLANAS** chair stands out for the characteristic micro-perforated sheet metal of the series, which is combined with Dekton® and is **very comfortable due to the volume and quality of its polyurethane foam seat mats** covered with water-repellent fabric – removable and available in all **GANDIABLASCO** fabrics, including the innovative **PATIO** outdoor fabric from the prestigious firm **Kvadrat** for a very elegant and exclusive finish –.

The thermo-lacquered welded aluminium structures of all **SOLANAS** pieces are presented in a **wide range of colours** – from white to black, including gold or the new quartz grey and bottle green – to adapt to all types of tastes, needs and contract and residential spaces. Infinite possibilities when the many shades of the textiles and Dekton® surfaces chart offered by **GANDIABLASCO** also come into play.

It is not the first time that **SOLANAS** has added additional elements since its launch. Due to its excellent reception, last season unique pieces like a round chill bed, an architectural armchair, a high table, a sideboard, a vertical mirror, a deckchair and some lanterns joined the series. With all this, **SOLANAS** is positioned as a very complete collection of designs of refined aesthetics in which each constructive detail is thought out with precision to offer intimacy, durability and well-being both indoors and outdoors.

About GANDIABLASCO

GANDIABLASCO is the outdoor furniture brand from the Gandia Blasco Group, a family owned business based in Valencia (Spain), founded in 1941 as a blankets manufacturer. In the mid-90s, José A. Gandía-Blasco Canales, the company's current President and Creative Director, introduced design in all areas of the company, focusing his interest on the development of furniture and outdoor accessories with a distinct architectural character. The expression of a lifestyle inspired by his Mediterranean roots transcended to products. Since then, the creation of simple and elegant outdoor spaces has set the company's direction. The quality of their designs and the use of luxury materials has made way for collaborations with architects and designers of international prestige. Currently, the GANDIABLASCO brand has reached more than 75 countries and is internationally recognised for the quality of its furniture and the creation of contemporary environments that reflect its passion for outdoor living.

1941-2021: 80th Anniversary of Gandia Blasco Group

Gandia Blasco Group celebrates in 2021 its 80th year since its birth: a trajectory of eight decades marked by constant reinvention and the creative sensibility needed to create confidence in its design at all levels.

Founded in 1941 by José Gandía Blasco, Gandia Blasco Group is a family-owned company that has reached its third generation and is currently present in 75 countries through its distinct brands. GANDIABLASCO, GAN and DIABLA have all succeeded in building a solid and recognizable identity in their respective areas: from furniture and outdoor spaces design to the creation and production of handmade designer rugs.

Coinciding with its 80th anniversary, the company continues its expansion into key international markets and is preparing the opening of its new single-brand store on Ortega y Gasset street in Madrid, destined to become its principal flagship in Europe alongside its emblematic headquarters in Ontinyent (Valencia), La Casa Gandiablasco.
